

Our range of Traditional English Gunmakers' Oils, Waxes and Polishes for Gunstock Care are actually mixed and blended by the Gunsmiths themselves to old trade recipes together with one or two new ones specially developed by Clive C. Lemon, Esg. In combining tried and tested materials which have been used by the English Gun Trade for years with modern Gunsmiths' knowhow, our kits are simple and rewarding to use. It is made easy for the gun owner to produce the Traditional English stock finish which is well known throughout the world for its weather proofing qualities and its way of enhancing the natural figure in the wood. Heavy or tacky finishes are a thing of the past. Our system of oil hardeners and fast drying polishes work quickly to seal the pores of the wood and give any gunstock an excellent finish. All CCL products are supplied with full instructions and some are available in larger size, for the professional workshop. The *Double Gun Journal* fully endorses the CCL gunstock care products.

OLD ENGLISH TRADE RECIPES IN NEW BOTTLES ~ HAND BLENDED FROM THE FINEST TRADITIONAL INGREDIENTS

Traditional Gunstock Oil Finishing Kit

The professional way to a beautiful hand rubbed oil finish. Use it to improve an existing oil finish or produce an entirely new one. Includes polishing compound, hardener to dry the oil both in and on the surface of the wood, abrasive paper and the original red root oil to seal the pores and bring out the figure in the wood.

- (1) Three bottle set. 50ml Gun Owner Kit 67.82
- (2).....250ml Workshop Kit 145.00

CCL Gunstock Conditioning Oil

Specially formulated by CCL, this excellent Oil Finish contains its own waxes and hardeners. Use it to revitalise all oiled stocks or to produce a new finish of a natural colour.

- (3) Single bottle. 50ml Gun Owner Size 21.95
- (4).....250ml Workshop Size 62.95

CCL Traditional Gunstock Hand Polishing Kit

Our old polish and oil mixture can be used on new stocks or over existing oil or lacquer finishes to give the wood a real surface shine. Use the polish first to seal the pores and bring out the figure then mix with the oil to produce a lasting waterproof surface which does not have the heavy appearance of polyurethane type lacquers. Contains polish, oil and fine abrasive paper.

- (5) Two bottle set. 50ml Gun Owner Kit 61.75
- (6).....250ml Workshop Size 141.85

CCL Fine Wax Polish

Highly recommended for everyday care of all stock finishes to improve and weatherproof their finish. Helps to fill the open pores and seal the metal to wood fit. Equally good for leather surfaces, gun cases etc.

- (7) 50ml tin 17.75

CCL Gunstock Grain Sealer

This material is most helpful in speeding up the oil finishing and polishing of very open grained stocks. It allows the user to fill the open grain more rapidly than with the slower drying oils and will not affect the fine results obtained using the CCL Oils and Polishes in the normal way afterwards.

- (8) Single bottle. 50ml Gun Owner Size 21.95
- (9).....250ml Workshop Size 63.95

CCL Gunstock Finish and Lacquer Remover

This excellent Lacquer Remover has been included in our range of products for those gun owners who wish to remove the sprayed finish from their gunstocks prior to refinishing with oil in the traditional way. This useful material can also be used to remove old oil finishes, varnishes, lubricating oil saturation as well as cleaning out clogged checkering.

- (10) Single tin. 100ml Gun Owner Size 26.95

CCL Fine Abrasive Paper

- (10a) 12 - 2 3/4" x 3" Sheets . . With Master Set Only.

CCL Gunstock Stain

Our stain is a deep red/brown colour and is supplied in concentrated form. Its basis is a water dye we mix ourselves and its depth of colour can be varied to suit all gunstocks by carefully diluting with more water. This stain is especially helpful for darkening very pale coloured gunstocks prior to oiling or polishing.

- (11) Single bottle. 50ml Gun Owner Size 21.95
- (12).....250ml Workshop Size 62.95
